Fleet Maintenance and Repairs

Are you looking for a top quality provider of fleet mechanical services? We employ full time, highly experienced, Red Seal Certified technicians. Our facility in the Gregoire Industrial Park was designed by our owners and custom built to ensure the best possible service experience for our customers. We have 8 mechanic bays, with one dedicated specifically for oil changes to ensure that your safety objectives are met in the most cost effective and timely manner possible.

Due to our extended hours, even a flat tire on a Sunday can be quickly dealt with at our Gregoire location. We know you operate 7 days a week, so in order to properly service your requirements, we do too! For this reason, we are truly unsurpassed in Fort McMurray. Routine maintenance can often be done on the spot, while you wait. Our reception area is a spacious and welcoming area where you can sit and have a cup of coffee and watch TV while you wait for your vehicle to be serviced.

Fleet Cleaning, Detailing, & Undercarriage Steam-cleaning

We provide top notch vehicle cleaning and detailing. We are able to customize a cleaning program to match your needs and budget. We have a bay in the shop dedicated exclusively to undercarriage and engine compartment cleaning. Some of our competitors use a ramp to clean undercarriages. We are equipped with a full hoist, which allows us to access the entire undercarriage and remove the most mud possible.
